This report represents the analytical results of the examinations performed on the items of evidence in this case. It should be noted that this report does not represent all documentary items contained in the master file. Should additional material be required for court purposes, please contact the laboratory as soon as possible.

All samples submitted for toxicological examination will be routinely disposed of six (6) months after analyses are completed. If you anticipate that this evidence will be needed, please contact the laboratory to arrange for its return.
